

Local Lines.

(From Saturday's Herald.)
Mr. Geo. W. Webb has been elected Justice of the peace and 8th J. Johnson, Constable in Webb's precinct.

Dr. Hies and Mr. Granger returned to Phoenix last evening from Cave Creek, where they have been for the past ten days, superintending the assessment work on some claims they have out there.

A lively runaway took place this forenoon near Bagdad, the team becoming frightened and the lines breaking, with many things decidedly interesting. The team was fortunately stopped by the presence of mind of the driver, without much damage being done.

The ge. team who compose our Board of Election at the late election, Messrs. Novinger, Patton and Hays, together with the clerks, Messrs. Riecke and ————, deserve especial mention for the business like manner in which they did their work. The court was situated in fifteen hours from the time the polls closed, which means a very hard all-night job, sufficient to try the patience of the best men.

A new cabin has been put up on the lot opposite the gardener's place near the cemetery.

Ice was to be found in considerable quantities on Sunday morning on still ponds of water.

Our town is full of strangers coming and going from the numerous mining regions that lie about our valley.

The workmen are busily engaged in repairing the Methodist Church South. When finished it will be a very presentable and substantial building.

Mr. L. Mayer, of the firm of Kelley & Mayer, left yesterday on the noon stage for Hermosillo, Sonora, Mexico, on a business trip to be gone for two or three weeks.

Mr. Frank Percella, for some time past afflicted by consumption, died on last Sunday morning and was buried today at one o'clock from the Catholic church, services conducted by ———.

"Mines," "miners," "locations," "rock," "gold," "silver," "diamond," "monument," "shaft," "tunnel," ring on a person's ears on the street, in the dining hall, in the hotel, in every office, in bud, everywhere now-a-days.

Mr. J. T. Gowan, of Camp Creek, Red Rover country, reports having gone on a party to that country. He takes out a lot of men today for the Red Rover mines, which will now be run with a considerable force of men. One from the Red Rover will hereafter be shipped to the railroad and sold.

Dr. L. H. Goodrich, of Coldwater, Michigan, well known to the citizens of Phoenix as a property owner of the place who has done much for its development by way of putting up good buildings, arrived this morning. He is looking after his property and will also attend to the practice of his profession, dentistry.

The funeral of Mr. Frank Percella brought out a large concourse of people to say. The stately services of the Catholic church were rendered by Father Beale in an impressive manner. The band playing a dirge led the way to the cemetery and was followed by the hearse with pall-bearers, citizens on foot and a large line of carriages.

The Berry brothers, contractors on the A. & P. R. R. in Mohave County, are paying our town a visit for the past few days. Madam Rumor thinks they are looking up a contract on the new ditch lately projected.

A railroad is now quite certain to be built from the northern line of the Territory south to Guaymas, as the Herald suggested it would, some time ago. Within the past two weeks a powerful company has been organized with Senator Logan, of Illinois, at its head to put the project through and we don't not it will go through.

Workmen were set to work this morning by Messrs. Patton and Whitaker to remove the old walls of the Monition corral, recently burned, preparatory to putting up a system of wooden sheds, harness rooms, etc. The lots where the corral stood are being raised by spreading over them the debris of the wall. The corral will again be fixed in a suitable way for a lively business and, we understand, will be occupied by Messrs. Demarbaix and Sanders.

(From Tuesday's Herald.)
Died—In P. county, Sunday, Nov. 12th, 1882, Frank Percella, aged 42 years.

The report reaches us today that Oury is now but 150 votes ahead of Porter.

Mr. M. Goldwater, of Prescott, passed through town yesterday on his way to attend the Grand Lodge of F. & A. M. at Tucson this week.

Mr. J. D. Men has been leased the lot where his old corral stood to Demarbaix & Sanders, who are putting up the new wooden buildings mentioned in yesterday's Herald.

A fine meteoric display is reported as taking place at an early hour this morning. An unusual number of meteors have been noticeable in this latitude for some evenings past.

been inspecting copper mines belonging to Mr. Kling and others associated with him.

The mails from the west failed to arrive today, being delayed on the Southern Pacific in California some seven hours by heavy rains. They will not probably reach us before tomorrow.

M. J. J. Dickinson, of St. Helena, traveling agent for the celebrated wine cellars of Chas. Truett of that place, arrived by this morning's mail with a fine line of samples. He deals in nothing but fine grape wine as we can testify.

Mr. J. H. McNeill, the harness maker, has rented the building now being put up on the corner of the Monition corral property, and when finished will move his extensive stock into it. He will have one of the most extensive and well finished harness and saddlery establishments in Arizona.

Our enterprising townsman, Mr. J. D. Monition, leaves today for Ogdensburg, New York, where his family is now stopping. He has succeeded in arranging his affairs here, consequently upon the fire, in a satisfactory manner, and with a firm faith in the future of Phoenix, retains all his property, though offered good inducements to sell. Mr. Monition will probably not return to Phoenix for some months.

The L. O. G. T. held an interesting meeting last evening, at which were installed the following officers:

A. McDonald, W. C. T.; Miss Theo. Lemon, W. V. T.; D. M. Lemmon, W. S. T.; A. S. McDonald, W. P. S.; Miss Laura Chats, W. Treas.; Lewis Collins, W. M.; George Swilling, W. L. G.; Henry Fowler, Chaplain; Henry Ryder, P. W. C. T.; W. Wharton, W. R. H. S. Mrs. H. McDonald, W. L. H. S.

Installation at Tempe.

At Tempe, last Saturday evening, Deputy G. W. C. T. Redrock, installed the following officers of the Tempe Lodge No. 3 I. O. G. T. He was assisted by visiting brethren from Garden Valley Lodge No. 1 and from elsewhere: A. W. C. T. W. C. T.; George Holmesley, W. V. T.; Alice B. Winger, W. S. T.; A. Holmesley, W. P. S.; Celestia Walker, W. T. F. M. Blake, W. M. L. L. Harrington, W. I. G.; John Green, W. O. G. After the installation, a Degree Temple was held and all entitled to receive them. The Lodge will shortly occupy an appropriate hall where their business and ceremonies can be conducted more satisfactorily than in the present quarters. Since their institution, a short time ago, they have been steadily increasing in numbers.

Letter List.

We have letters in Postoffice at Phoenix, Arizona, Nov. 13, 1882:

Barry, John H. Rice, Dan. Boyd, John H. Rice, Jean Le Roy, Rick, Perry Sinker, Henry Deriville, Thos. Martinez, Lino Lewis, Joe H. Rivera, Jose, Daney, W. A. Silvey, Gabriel, Henry Mendez, Maximo, G. M. Y. Thos P. Billa, Jose, Pater, Jose, Y. Valencia, Francis Contreras, Gertrude.

In Memoriam.

My son, I had of Italy, I recall my fond days in my happy days, in the land of the sun and the olive tree, where the sun lights up the golden slopes.

Catholic friends both kind and true, please to send the light to the golden slopes.

Frank Percella lately deceased, was born in Naples, Italy, was 49 years of age and came to this country in 1862, settling at La Paz, in the employment of Ravenna, where his kind and gentle disposition, with an honest character was for him the confidence of his employer. In Prescott Ravenna opened a branch store in company with Teopile Louission, with Frank Percella as manager and did a flourishing business up to the time of his death. Percella then came to Wickenburg and associated in business with M. L. Percella. The town of Phoenix springing up, that firm opened a branch store here and done well. Dissolving partnership, Frank Percella continued in business and recently had removed to Tempe in company with James Marpley. A sudden change in his health—a galloping consumption soon wore him away, and amidst the regret of all those who knew him, he passed away, let us hope to a land where the golden sunlit shores will rival those of his own fair Italy.

P. M. C. T.

Vulture Letter.

Ed. Herald.—The election passed off quietly, considering the terrible strife that was carried on between the two parties. The Democrats were sure to carry this city and precinct three or four days before the election, but to-day you can see how their lower lip hangs. The whole party in this city is demoralized and I do not think that they will carry again, until Gabriel shall blow his horn on the last day. That little game that was invented to carry this city won't work as well among intelligent miners as it will in San Francisco, Hong Kong or Gotham. Boys, take this advice from an old man who has seen some of the world, and never again sell goods you cannot deliver. The Arizona miner is too intelligent and well read to be fooled or controlled like the San Francisco or Gotham hoodlums. Next time work for the best interests of your country. Have at heart the interest of the best men and the best country that God's sun ever shone upon, then you will have accomplished something.

Two hundred and fifty dollars couldn't carry this city for the bourgeois party, but the working-man's party, the old stand-by Republican party carried it with great majority, for nary a red. Hurrah for Porter! Hurrah for Davis, Kirkland and the whole ticket! Ha, ha, yes, my Democratic friend, you will call

a Democratic meeting again to nominate precinct or township officers, will you? Don't think again to draw party lines on school directors. It would have been wiser to call a people's meeting. We would have been very glad to give room to some of your good men on the ticket.

Arizona Territory is now taking a tumble to itself. The majority of the people are Republicans when you come right down to it. If we don't succeed this time, soon, very soon, too, every county in the Territory will elect Republican officers. We received a dispatch today that Orme was defeated in his own town. Here is the result of the election. [The returns from Vulture are given in another column.—Ed.]

What? Yes, I am glad to see the new correspondent, "Mr. Carman," in Friday's Herald. Go on, sir; both of you can find plenty to write, but I should like to whisper in your ears: Don't write things that Tom Corwin sent to the Herald over a month ago. About that alfa fa, excuse me: I forgot all about that; never entered my head that alfa fa, grown without water! I am no farmer, you know; but I don't doubt your word at all, at all, and as I am on the day shift and you are on the night, I think what you know and what I don't know will make a big book. But go on; I will be very glad, I will be very glad, to see a letter from you every week in the Herald. Give us your nightly experience.

Harry Kowls is still alive, but very low. We hope for his recovery, but it is very doubtful. Some sickness in town, and the Doctor is kept busy. There are three men from the Mohave mines, Secor, here for treatment by Dr. O. H. Orme. They are now doing well. Mr. David Davis returned from Matcoipa with his wife and will go to housekeeping as soon as the teams arrive with his goods. The Vulture tin band is ready to give them a grand reception.

Tom Corwin.

TERRITORIAL TWIGS.

The returns from Yuma County show the following majorities: Porter, 9, Davis 33, Milroy 61, Dorrington 95.

Oury's majority in Cochise is still decreasing, and is now less than 200.

The Albuquerque, N. M., Journal estimates a small Democratic majority in that Territory.

Returns from 31 precincts of Yavapai county give Porter a majority of 161. Wells, Brown, Ainsworth and Masterson are elected to the Council, and Powers, Randall, Gohin, Ellis, Hall, Taylor, McCollum and Rowe are elected to the House. Recorder Hance with a majority of 25, Sheriff Murphy with a majority of 43, Bashford, for Treasurer, with a majority of 17, Rush, for District Attorney, with a majority of 29.

The Earp brothers have arrived in San Bernardino, the home of their parents, on their way to Arizona, it is said.

This Territory will shortly have the advantage of another railroad. It will be commenced from a point near Tucson, on the S. P. R. R., to run to the A. T. & S. F. R. R. and south of Utah. This will form a continuous line from Idaho and Montana to Salt Lake, and via Arizona to the Gulf of California. The road is to be of standard gauge, and is named the Arizona Central R. R. Co. The incorporators are Senator J. A. Logan, Gov. L. A. Sheldon, and Albert G. Brice, of New Orleans.—Sentinel.

Hen. G. H. Oury, Arizona's honored Delegate in Congress, has appointed Wm. J. D. Horne a cadet to West Point. Provided the young man passes examination, which we think he will.—Courier.

The Pioneer of October 26th reached our table today, after a journey of 16 days.

Gov. Trile has issued his proclamation, appointing Thursday, Nov. 30th as a day of thanksgiving.

Mr. Riggs, superintendent of the Tiger mine, is in town for a few days. He informed us that work at Tiger progressing steadily, although foul air in the mines retards progress to some extent at present.—Miner.

At Fort Apache some time ago, Josh Swett shot and wounded Geo. Reid. Reid is in the hospital, and Swett is in the guard house.

Geo. H. Croton came up from Gillett yesterday. He is the man who was, it is said, forced into trouble with a stage driver.

The report goes abroad that military headquarters for the Territory are to be removed from Prescott to Fort Grant as soon as the necessary buildings can be erected.

With Ward sheriff of Cochise, Paul in Pima, Orme in Maricopa and Doran in Pinal, it is to be hoped that no guilty man may escape from prison in central and southern Arizona, or if they do, that those who pass responsible for their care and guarding may be made to take the place of such escapes.

The Enterprise man promises a suit for libel against one H. B. Summers, who, it is reported, accused the Enterprise man of having the marks of a rope on his neck from a hanging which he once received at the hands of his fellow-citizens and from whom he escaped with his life by the rope breaking.

Cochise's new Court House will be ready for occupancy about the first of January.

Geo. Reck, who shot Anderson, the editor of the Eureka, Nev. Leader, has been discharged on the grounds of self defense.

A scarcity of provisions is reported from Mohave county. Flour was worth ten cents per pound a few days ago and scarce at that. People at the Needles said to be really suffering. Cause, non arrival of the usual steamer from Yuma.

On Saturday afternoon as a negro boy and a white boy were playing in Prescott, a quarrel ensued, in which the negro shot his companion in the

face and neck with a shotgun. The wounded boy will probably die. It is rumored once more that the Democrat is sold, this time to a Mr. Martin, of San Francisco. Chamberlain & Co. of the Omaha Smelting and Refining Co. are putting up sampling works in Mohave county, at a new place on the railroad called Kingman. A new bridge is to be built across the Rio Grande at Albuquerque to cost \$69,000.

Death of a Desperado.

A recent dispatch from Wellington, Kansas, says that James Egan, a Texas desperado, who was brought here some two weeks since and lodged in jail for having killed City Marshal Brown, at Caldwell last summer, died last Sunday from wounds received while the Texas authorities who arrested him. He had twelve shots in his body and two Winchester bullets. The post mortem examination showed his death directly due to a No. 2 shot which took him in the forehead, and entering passed entirely through the brain and lodged in the base of the skull. Though this shot entered the brain and others in the body, he lived for thirty days and talked of his recovery up to within twenty-four hours of his death. He had been a desperate man, having been engaged in deeds of atrocity since he was twenty years old, and carried besides the wounds he received at his capture, marks of ten other balls and many scars.

The developments in the trial, which has just concluded, of the colored man, Paine, for attempting bribery of the Star Route jury, has not inspired the people in Washington with admiration for the methods nor belief in the innocence of the Star Route people. The second trial of Brady, Dorsey, Vail, et al., will begin early in December. The Government is making ample preparation for the trial, and will compel the attendance of ex-Senator Spencer and another important witness who evaded the process of the court at the first trial.
